Mission:

Brophy is a private, Jesuit, Catholic, college preparatory that is committed to the belief that all creation is a reflection of God's love and presence which demands a passionate and generous response from the entire community. We are dedicated to students of all socio-economic backgrounds who have the potential and desire to maximize their God-given gifts. By creating an atmosphere for academic, emotional and spiritual growth, Brophy College Preparatory develops critically thinking, articulate, sensitive and aware students with a strong sense of self-worth. Through the process of nurturing the soul, Brophy offers these students an intimate relationship with God and inspires leaders who are devoted to the service of others in a global community.

Academic Program:

Competitive admissions bless Brophy with academically talented and motivated students who are supported by a dedicated faculty. Admission is based on an examination, previous academic record, teacher recommendations, and a personal interview. All Brophy students follow a curriculum comprised solely of college-preparatory disciplines. Typically, more than 99% of graduates proceed directly to higher education, 97% to four-year institutions.

Graduation Requirements:

The basic program for seniors requires a total of twenty-six credits. This consists of four credits each of English and mathematics; three and one-half credits each of science, social science and religious studies; three credits of foreign languages; one and one-half credits of fine arts; one credit of physical education; one-half credit of speech with computer science; one-half credit of community service; and electives.

AP/Honors Courses:

Honors and Advanced Placement sections exist in each of the curricular disciplines. Brophy strives to provide levels of acceleration and challenge in all sections of required courses and in the elective program, offering the following advanced sections:

AP Art History	AP Music Theory	Honors English I
AP Biology	AP Physics	Honors English II
AP Calculus AB	AP Psychology	Honors English III
AP Calculus BC	AP Spanish IV (Language)	Honors Geometry
AP Chemistry	AP Studio Art	Honors Independent Computer Study
AP Computers	AP US History	Honors Physics
AP Economics and Government	Advanced Differential Equations	Honors Latin I
AP English III	Honors Algebra I	Honors Latin II
AP English IV	Honors Algebra II/Trigonometry	Honors Latin III
AP Environmental Science	Honors Biology	Honors Pre-Calculus
AP European History	Honors Calculus I	Honors Spanish II
AP Latin III	Honors Chemistry	Honors Spanish III
AP Latin IV	Honors Earth Science	Honors Spanish IV

Grade Point Average: All courses, except those graded Pass/Fail, are included in the cumulative grade-point average. Honors courses receive a 0.50 weight value, and AP courses receive a 1.0 weight value on a four-point scale.

Assignment of Rank: Brophy does not rank students. The school admits students on the basis of their abilities to succeed in a college-preparatory environment and retains only those who achieve a 2.25 grade point average or greater. Accordingly, 97% of students pursue a more rigorous curriculum than many of their peers, and since a greater number of them attain a high standard of academic excellence, a cumulative ranking system that has the potential to magnify small differences in performance would focus on individual student differences instead of student achievement. The distribution of GPAs among the current senior class appears in the table to the right.
